Instrumex

<http://www.instrumex.net/>

Instrumex is a reputable manufacturer & Exporter of a wide range of **pollution measuring, analytical & Laboratory instruments**. With our products we help the Environmental Consultants & Industries to keep the Pollution under check.

About Us

Instrumex is a preeminent company involved in the manufacture and export of a range of top-notch **Pollution Measuring & Analytical Instruments** since its institution in **1990**. We, at **Instrumex**, have always endeavored to guarantee complete satisfaction to our customers through our services. We have been in the market now for over two decades now and the company, today, enjoys a reputable position and acclaim.

Instrumex, with its quality service, has established itself as a highly reliable company engaged in the production of these excellent **atmospheric air monitoring equipments, analytical equipments** and **particulate sampling** services. In addition to these, **Instrumex** also provides its customers with **after sales services**. We have gained a stronghold of the market through our hard work that engages consistent study, scrutiny, and advancement and maintains the international standards of quality. Through our untiring efforts we have gained for ourselves well-known clients both in the domestic as well as the international field. **Instrumex** is slowly but surely progressing towards establishing itself as a strong market player.
